

SRS for Xstreamfitness:

Login permission:

Only for two accounts

Super admin:

admin:

(both will have same permission but only superadmin can export the data not the admin. Super admin will get the notification when ever admin will add/edit/delete the any detail of joinee.)

Functionality:

1. Add new joinee button

Need to enter the following information about joinee.

- Full name (*required*)
- Number (*required*)
- Photo (upload and click photo) (*required*)
- Address (*optional*)
- Email (*optional*)
- Membership type (one month, three months, 6 months, yearly) (*required*)
- Fees: (*required*)
- Remark: (*optional*)
- Status dropdown (inactive, fee submitted, fees due)

2. When the time (membership type) will about to complete then the admin will get the notification on sms or whatsapp that this joinee has completed his/her time .. its time to renew the fees. (before 3 days of time complete)

3. Whenever admin will enter the details of joinee then the new joinee will get the welcome message on his register mobile number.

4. Admin can add edit and delete the joinee details.

5. Export button to get the all details in EXCEL file.

6. A list of all joinee as dashboard where name, photo, membership type, number and status should be visible.

7. Filters option for Name, number, membership type and status
